CHARGE AGAINST PRISONER HERE.

MAN ARRESTED IN CHICAGO IS WANTED BY SHERIFF.

He is Accused of Forgery in Ventura County—Efforts Being Made to Get Him—Has Prison Record at Folsom—Has Served in Army and Navy.

[ASSOCIATED PRESS NIGHT REPORT.]

VENTURA, Feb. 16.—Frank Naylor, who surrendered to the police in Chicago on Tuesday, is wanted by Sheriff McMartin of this county for forgery.

Naylor is an ex-convict, having served three years in Folsom Prison for grand larceny committed in Lassen county in 1905. He was released on parole and was employed by James Mack of this city in his livery stable.

Naylor worked faithfully for a year and a half. On Saturday, February 5, he drew the wages coming to him, \$5, and then forged three checks aggregating \$100 which he cashed with local merchants.

Sheriff McMartin was notified on Monday and has been after Naylor since that time. Little is known of his past record. He served in the United States army under an assumed name and was honorably discharged. He enlisted in the navy and received an honorable discharge.

His offense in Lassen county was the stealing of chickens from a room-mate and eating them. Sheriff McMartin cannot understand how Naylor could have had much money with him, when he only had \$10 when he left Ventura.

FIGHT WOLVES WITH CANES.

TOOK TWO HOURS TO WIN OUT.

[BY DIRECT WIRE TO THE TIMES.]

QUELTER (Wash.) Feb. 16.—[Exclusive Dispatch.] To be attacked by and to fight for their lives with canes, was the experience of Col. C. Post and R. Chase, two trappers in the hills northwest of this place, yesterday.

"We felt our hair fairly rise when we realized that the wolves were following us," said Chase, telling the story.

"We were paying our usual visit to the sixty traps that extend between Steamboat Lake and the Lewis River, when we were on the loneliest bit of the long trail and without a gun, we found we were being pursued by seven timber wolves. With hideous, persistent yelps they came at us and at first we were almost paralyzed with fear. At last, by means of our walking sticks, which we always carry, we beat the animals so that after almost an hour of onslaught, two were killed and the rest slunk away. We were so exhausted from the fray that it required the rest of the day to recover sufficiently to get to our cabin."

CITY MARSHAL MISSING.

FRIENDS SAY NO SHORTAGE.

[BY DIRECT WIRE TO THE TIMES.]

WOODLAND (Cal.) Feb. 16.—[Exclusive Dispatch.] City Marshal Sam Leach has been missing since last Thursday and, although he has been seen by several persons, he has failed to return. Whether he has any shortage has not been stated by those who are investigating his accounts. Woodland friends, who saw Leach in Sacramento Thursday evening, tried to get him to return home, but he refused. Friday night he had a friend good-bye in a hotel in that city and started for home to retire, but did not occupy his bed.

Mrs. Leach and Constable Parker searched the Capital City for the missing man Monday, but he could not be located. Leach is City License Collector as well as Marshal, and at the last meeting of the Trustees turned over \$1500 to the city, but failed to submit his books to the City Clerk. He left a small balance in one of the local banks, and did not collect last month's salary. Friends of the missing man claim he is not short in his accounts and that he will return and give a satisfactory explanation.

GETS RECORD JUDGMENT.

WOMAN GIVEN HIGH DAMAGES.

[BY DIRECT WIRE TO THE TIMES.]

PORTLAND (Or.) Feb. 16.—[Exclusive Dispatch.] The largest amount ever awarded by a jury in a damage suit for personal injuries in Multnomah county was given by a jury which returned a verdict for \$22,500 in the case of Ada E. Blue against the Portland Railway, Light and Power Company.

Miss Blue sued for \$100,000 damages for injuries sustained when she was thrown off a car and dragged at its steps for a quarter of a mile last May. It was shown that Miss Blue was the only passenger and that the conductor was running the car, the motorman having alighted near the end of the line for a rest.

Miss Blue wished to get off the car and walked to the platform, where she was thrown when the car struck a curve.

Miss Blue's scalp was torn from her head and she sustained other injuries which have made her a cripple for life. She lay in a comatose condition for six weeks following the accident. The company will appeal to the Supreme Court.

PREACHER DENIES CHARGES.

Former Pastor of Tacoma Methodist Church Says He Did Not Resign Because of Guilt.

[BY DIRECT WIRE TO THE TIMES.]

TACOMA (Wash.) Feb. 16.—[Exclusive Dispatch.] Rev. McAndrew Casey, D.D., former pastor of the First Methodist Episcopal church here and before that at Everett, has written a long letter from Los Angeles to a friend in Tacoma, reviewing the circumstances which led to his recent retirement from the ministry. He denies that he ever admitted being guilty of indiscretions at Everett with which he has been charged. He says: "What else could a minister have done save retire, guilty or not guilty? The preferring of such a charge made it absolutely incumbent upon him to do so. I am guilty as reported. But on the contrary I wish my Tacoma friends to know I am wholly innocent of the charges as preferred. The story that I am in hiding with my family is not true. I have made no effort to conceal my whereabouts, and my retiring from the church in no way indicates that I am guilty. It is not myself alone that the church I love so well and all its members. I am confident time will show the injustice done me and that eventually the confidence and loyalty shown me by Tacoma friends will be fully justified."

CROUCHES BETWEEN TIES.

BABE'S ESCAPE A MIRACLE.

[BY DIRECT WIRE TO THE TIMES.]

LODI (Cal.) Feb. 16.—[Exclusive Dispatch.] The two-year-old daughter of Mr. and Mrs. George Hummel, residing a half-mile west of Victor, narrowly escaped being ground to pieces Sunday morning by the Valley Springs train, according to information received here today. The little tot had wandered to the track, and was crouched between two ties when the train came along. Engineer Baldwin did not see the child in time to stop before reaching the spot, but applied the emergency brakes. The engine and two cars passed over the child before the train stopped. Miraculously, the child came out unscratched when the train was brought to a standstill. The mother, who saw the accident from the door of her home, fell to the ground in a faint when the child was restored to her.

BUYS RICH ALASKAN MINE.

SOLD FOR NEARLY A MILLION.

[BY DIRECT WIRE TO THE TIMES.]

TACOMA (Wash.) Feb. 16.—[Exclusive Dispatch.] Janus, Alaska, dispatches say that B. L. Thane, superintendent of the Eagle River mines at Amalgam, has purchased the famous Berner's Bay mining property, which has long been in litigation. It is understood that Mr. Thane acted in the interests of a syndicate, chief among which are the men at the head of the Mallory Steamship Company of New York, and that with the first opening of spring, a big crew will be put to work. The Berner's Bay property, which is of known richness, but which has stood idle for years, was sold at United States Marshal's sale and brought \$300,000.

LEAK IN DRY DOCK.

New Structure at Mare Island Reported to Be Weak—Builder Denies Rumor.

[BY DIRECT WIRE TO THE TIMES.]

VALLEJO, Feb. 16.—[Exclusive Dispatch.] For several days it has been persistently rumored here that a serious leak has been discovered in the new dry dock at Mare Island, now nearing completion.

Francis Smith, who is in charge of the work for the Schofield Kain Company, today stoutly denied that there was anything wrong with the big structure. He stated that his labor was completed, with the exception of the installation of some machinery now on the way here from the East and expects to leave here for Pearl harbor within the next month.

Despite Superintendent Smith's denial, the report is still being circulated today and is given credence by numerous people both here and at the yard. It would be impossible for an outsider to determine whether there is a leak or not unless the dock was pumped dry.

WHITE SLAVERS CONVICTED.

BIG PROVERBS EXPOSED.

[ASSOCIATED PRESS NIGHT REPORT.]

SEATTLE, Feb. 16.—Max Thurn, charged with being a "white slave" owner, was found guilty by a jury in the Superior Court today. Evidence introduced during the trial, consisting largely of correspondence between Thurn and friends in other cities, showed that Thurn was making a profit of \$100 a week out of white slaves.

The evidence was secured by United States immigration inspectors who were staging a war on the traffic in the Northwest.

EXONERATES LANGDON.

DIDN'T KEEP BACK PAPERS.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Feb. 16.—Former District Attorney Langdon was exonerated this afternoon by the grand jury after an investigation of the unofficial charge that he had kept back papers of all of the official documents of his office to his successor, Charles H. Fickert, in the case of J. P. Buchanan, Foreman Scott and Secretary Moore of the grand jury. Langdon is commended for testifying voluntarily in the case. It is also mentioned that Fickert did not file an accusation against Langdon charging that Langdon had removed any papers from the office when he left it.

SLOPE BRIEFS.

Scarlet Fever on Ship.

VALLEJO, Feb. 16.—The receiving ship Independence was placed in quarantine at Mare Island today owing to the discovery of a case of scarlet fever among the crew. The patient is a recruit recently arrived from Yerba Buena training station.

"Unloaded Gun" Boy Dead.

PORTLAND (Or.) Feb. 16.—Robert Smith, 12, accidentally shot and killed by his brother, Gustave, aged 8, at Riverdale yesterday. The little fellow was playing "bear" in a bedroom when he was shot. Gustave seized the proverbial unloaded gun, and pointing it at his brother, pulled the trigger, killing Robert instantly.

Kicked His Hat; Wants Divorce.

SOUTHERN PACIFIC

SHOWS BETTER COLLECTION SYSTEM.

LOS ANGELES LEADS STATE IN VITAL STATISTICAL TAB.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, Feb. 16.—[Exclusive Dispatch.] In the vital statistics for the month of December, just issued by the State Board of Health, Los Angeles, as usual, occupies the first position.

Taking the State at large, a greater number of births than deaths is shown, and this is held to indicate that the method of collecting reports has improved. A year ago, the total deaths frequently exceeded the births, for the reason that physicians were careless in reporting births, while deaths could not escape the records.

Following are some of the figures: Marriages—Los Angeles, 415; San Francisco, 352; Alameda, 249; Orange, 184; Fresno, 151; San Joaquin, 82. Births—Los Angeles, 613; San Francisco, 537; Alameda, 309; Santa Clara, 114; Fresno, 111; Sacramento, Bernardino, 52; Orange and San Joaquin, each 57. Deaths—Los Angeles, 425; San Joaquin, 269; Alameda, 232; San Diego, 98; San Diego, 79; Riverside, 75; Santa Clara, 61. Other notable causes of death: Typhoid fever, as usual, led epidemic diseases with 23; violence, 22; diseases of the respiratory system, 24; cancer, 19; disease and pneumonia, 17; and other epidemic diseases.

ESPEE'S CLAIM UP AG.

WASHINGTON, Feb. 16.—Southern Pacific's Imperial claim, which led to much contention between the late E. H. man and President Roosevelt, is before Congress as to the obit of the government, has resented the House and a hearing will be held on it before the Committee on March 15. The claim is to reimburse the Southern Pacific for \$1,000,000 expended between 1891 and 1906, and November 26, 1906, and controlling the Colorado River, thereby saving the overflying of the Valley in Southern California.

Probably Lost at Sea.

VICTORIA (B. C.) Feb. 16.—J. Jensen, aged 22, and M. Muller, aged 12, who left the Sea Otter Cove, Vancouver, January 31, in a small schooner, carrying the mail to Winter Harbor, have been given up for lost. A searching party has found a pair of blankets and part of the woodwork of the sloop.

To 25c Wash Belts, 5c

Made of fine linen or duck; fitted with buckles; 15c to 25c values. 5c.

This image shows a dark, heavily textured, and possibly damaged page from a manuscript. The page is oriented vertically and appears to be a flyleaf or endpaper, with faint, illegible markings visible along the left edge. The surface is covered in a dense, dark pattern, likely due to age, wear, or the material of the paper. The left edge shows some faint, vertical markings that might be remnants of text or decorative elements, but they are too dark and blurry to read. The overall appearance is one of significant age and deterioration.

THE POLITICAL WATCH TOWER

In something around some of the dark political corners last night I discovered what I believe to be one of the strangest and most amusing of the "Goo-Goo" campaigns.

On the "Goo-Goo" campaign, it has to do with Tommy Wolfe, the fallen City Prosecutor and rising young writer of Tennessee mountain stories, who also practices law and rides horseback.

Young Mr. Wolfe is quite a Goo-Goo idol, and is a Democrat by birth and preference, which gives the "by goodness" people just the "bolt" they want, for, from what I hear, they were in the county that they not only can elect one of their own kind as District Attorney, but that, at the same time, they can also elect a Democrat as Governor.

Unfortunately, however, it seems that there is a hitch in the folding of the Wolfe campaign. I understand that Mr. Wolfe, the author, addressed a letter to Mr. Wolfe, the lawyer, requesting the latter to make the campaign for District Attorney on a broad platform of goodness and hell-to-badness, and that Mr. Wolfe, the lawyer, after long and calm deliberation that consumed some four minutes, replied to the effect that he was so busy with his law books and his horse that he really could not think of making the sacrifice except under the most extraordinary circumstances and under great pressure.

However, realizing that the new engines and dynamos to be placed in the Courthouse will furnish current for a brilliant spotlight, he concluded that he would give up all other ambitions and go to it. And he has went—this far, at least.

But now it appears that no one but Mr. Wolfe, the author, has signed any willingness to sign the petition, as most of the Democrats are signing up on the Great Summerfield campaign. So just now there isn't so very much, after all, to the strategic game of the Goo-Goo, though it is reported they have succeeded in persuading E. J. Fleming to stay out of the race.

Sixty-six candidates, to date, have taken out blank petitions at the office of the County Clerk and have the papers in circulation throughout the county, and, if we are to judge by the recent city campaign, there will be three or four times this number before the primaries finally are pulled off in August. I was at the Clerk's office for a short time yesterday, when some of the circulators of petitions dropped in to obtain more blanks or to get instructions on tangled points, and the remarks these folks made about the new party law made me feel sorry, even for those who originated it, and who have confessed since that it is full of loopholes, mostly hand-made.

The canvassers report that the voters are cursing the law in every portion of the county, and that there is general wall-banging of the multiplicity of petitions in circulation. The voters and the canvassers may be mistaken, of course, but the new virus certainly doesn't seem to "take."

One candidate for an important office has 255 deputies in the field, and numbers of them have only one more, each deputy being of the kind that compels signers of petitions to hold up their right hands and solemnly swear, etc., after signing a blank. There are more than 1000 of these deputies now circulating in the city and county; this number will be doubled or tripled before the campaign becomes much older.

Judges James and Wilbur of the local Superior Court are the only candidates to file petitions in this county, so far, for places on the Supreme bench. It is likely that one or the other aspirant will appear in this part of the State, though Justices Melvin and Rios are active in the North for nomination to succeed themselves.

There has been little talk locally of the combination, reported from the North, between Wilbur and Rios on one hand and Melvin and James on the other. San Francisco politicians seem to believe that this is the way the thing will work out, but the four candidates concerned seem to know nothing about it.

Judge Frank F. Oster of the San Bernardino County Superior Court is an active candidate for a place on the District Court of Appeal for the second district. Justice Victor E. Shaw, the incumbent, whose term expires with the year, and who, also, is a candidate, is the only other aspirant to start his petition in circulation.

In addition to the candidates already mentioned, there have been petitions out, and the various offices to which they aspire, are as follows:

Superior Court—Judges George R. Davis, W. R. Henry and Leon P. Moss, incumbents; John A. Donnell, former District Attorney; R. A. Ling and H. A. Pierce, township justices, and Paul E. McCormick, Deputy District Attorney.

District Attorney—Capt. J. D. Fredricks, incumbent, and John W. Carrigan.

Supervisor—Ivory B. Noble, incumbent.

Supervisor, First District—C. D. Manning, incumbent.

Public Administrator—Frank Bryson, incumbent.

Collector—W. O. Welch, incumbent.

Clerk—Charles G. Keyes, incumbent, and Harry J. Leland, Los Angeles City Clerk.

County Superintendent of Schools—Mark Keppel, incumbent.

Recorder—Charles L. Logan, incumbent.

Auditor—Herbert G. Dow, incumbent.

Coroner—Calvin Hartwell, incumbent.

Sheriff—W. A. Hammel, incumbent.

Assessor—J. W. Hopkins, incumbent.

Treasurer—John N. Hunt, incumbent.

Gold Filled Brooches At Exactly Half Price

This opportunity is rare. It is the direct result of our purchase of the J. F. Trafton jewelry stock, and events of this character are few and far between. The selection of brooches is enormous—the designs are the newest. Read the prices:
